Homework 3
Due Date : 10/2/2006

Review Assignment

Submit a review of the End-to-End Argument paper [1]. Your evaluation should address the following issues:

1. Discuss the three most important things the paper advocates,
2. Discuss the most glaring problem with the paper, and
3. What conclusion you draw from the paper regarding the design of next generation, multi-media, high-speed networks?
